Hadassa serves as a voting member of the ASMC Programming Committee, which awards funding to support student engagement opportunities.

What is your major, and what year are you in at MC?

I am currently majoring in Business Administration, and this is my second year at Moorpark College.

What types of questions can students come to ask you about?

Students can come to me with questions about getting involved on campus, events at MC, or advice on balancing school with other responsibilities. They can also come to me if they are having a boring day and just need to talk. I'm always happy to bring some good energy and keep things fun.

What are you most looking forward to while serving on ASMC?

I am most looking forward to creating fun and memorable events for our students. I want to help build community and school spirit at MC, and I'm excited to work with others on the team to bring those ideas to life.

What is your favorite place or spot on campus?

My favorite spot on campus is the Zen Den. It's such a peaceful space and a great place to relax and recharge in the middle of a busy day.

What do you love most about MC?

What I love most about MC is the welcoming community. Both the staff and students have made my experience positive, and I appreciate how supportive everyone is.

Are you involved in anything at MC?

Yes! I am currently involved in the BSU, Global Ambassadors, and LatinX. These communities have given me the opportunity to meet amazing people and take part in meaningful experiences.

Any fun facts or hobbies you would like students to know about you outside of your ASMC involvement?

Outside of school, I love everything about music and dance, you'll usually catch me moving to a beat somewhere (and yes, I pretty much always have my AirPods in). I also have a big passion for languages and can speak three of them, which makes traveling and connecting with people even more exciting. I'm a huge fan of sports cars and races: nothing like a little speed and adrenaline to keep life fun! And of course, I love food (probably a little too much). Above all, I love parties because life is short and it's meant to be celebrated.
