

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM
(IGETC and IGETC for STEM) PATTERN

Completion of the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a California Community College (CCC) to a California State University (CSU) or University of California (UC) campus generally without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements. All UC and CSU campuses will accept the completed IGETC to satisfy all lower-division general education requirements. However, individual colleges or majors within a CSU or UC campus may not accept IGETC for meeting general education. The IGETC pattern is most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Completion of IGETC does **NOT** guarantee admission, nor is it required for admission. **IGETC for STEM** is a separate IGETC track available for students planning to major in science, technology, engineering, or mathematics (STEM). As of march 2015, UC will accept IGETC for STEM only if:

- A student is earning an associate degree for transfer (ADT) in Biology or Chemistry at a community college that offers IGETC for STEM as an option for those degrees AND
- The UC major program or college the student is applying to accept **partial IGETC certification**

NOTE:

- A course must have a minimum unit value of 3 semester or 4 quarter units to meet requirements of IGETC.
- A minimum "C" grade is required for each college course. A "C" is defined as a minimum 2.0 grade points on a 4.0 scale. A grade of credit or pass may be used if the college's policy states that it is equivalent to a grade of C or better.

CERTIFICATION: Moorpark College can provide full certification (completion of requirements in all areas, partial certification (completing all but two courses) or IGETC for STEM (missing one course in Area 3*, Area 4* and Area 6*). *These deferred lower-division courses must be replaced with calculus and/or science courses required by the major before transfer.

CAUTION: Partial certification that includes a deficiency in IGETC Areas 1 and/or 2 may indicate that a student does not meet minimum admission transfer requirements. Schedule an appointment with a counselor to discuss your transfer plan and to ensure you meet the transfer requirements.

Students with full IGETC certification can also obtain a Certificate of Achievement.
